## **ENGINEERS' REPORT OF THE SUNAPEE FIRE DEPARTMENT**

January 1 to December 31, 1963

---

In 1963 the Fire Department answered a total of 27 alarms of which 25 were in the town of Sunapee. The heaviest loss occurred in the fire at Alexander's Mill on September 15. A far larger share of our appropriation was used for forest fire suppression than usual.

Our equipment is in good condition but the town should be anticipating the purchase of a new truck no later than 1968 to replace Engine 2 which will be twenty years old at that time .

The bell alarm system is, and has been, causing us some concern. It is apparently in the vicinity of sixty years old and is taking more and more time and effort to keep it in operation. Our red alert system now contains eight telephones and may be reached in any emergency by dialing 763-5555.

Respectfully,

D. W. SHERBURNE, Chief

H. W. TROW

## **REPORT OF THE FOREST FIRE WARDEN AND YOUR DISTRICT CHIEF**

---

During the past year New Hampshire faced the greatest forest fire threat to its woodlands in more than sixty years. The continued drought brought home to our citizens, as never before, the potential threat of destructive fires to their beautiful and valuable forests, homes and livelihood. In true American tradition of meeting a common threat by volunteer effort, this fire danger was minimized by active prevention, patrol and a relinquishing of personnel

rights for the common good. It was the greatest demonstration of public cooperation ever experienced by those responsible for local and state fire control. The ready forces of volunteer fire services kept the losses low. For their effort and public response the general fire service expresses its heartfelt thanks for a job well done.

Prevention however, is not just an activity for the bad fire years. It must be practiced until it becomes a part of our public conscience — a habit. Just plain carelessness with fire causes too many of our fires.

The following practices and suggestions will help:

1. Always have a permit for outdoor burning and burn within the terms of the permit and in a safe place. Burn late in the afternoon when the wind is down or on rainy or damp days. Check your fire and if winds develop extinguish it promptly.

2. Carry your rubbish to the public dump — it's safer. A neglected backyard incinerator causes many fires.

3. Never discard lighted cigarette or match. Make this a year round habit regardless of the safety of your surroundings.

4. Children caused fires are now a major concern. Keep matches away from them and teach them to respect fire and not make it a subject of play.

Let's all join with "Smokey the Bear" and "Keep New Hampshire Green" and growing in 1964.

Our present heating system is 37 years old and was originally a coal burning furnace. At present it has been giving us trouble and discolours the walls and ceiling. We feel that over a short time we can save the costs of this improvement by reducing fuel expenditure.

## ABBOTT LIBRARY REPORT

---

**For Year Ending December 31, 1963**

This year all of our books have been refiled and a great many have been recataloged and cross indexed to facilitate location of material. In March we increased our service by being open an additional afternoon each week. This was done on a trial basis until June and was continued when school reopened in September and has proved of value to the students.

During the week of April 29th we had a Girl Scout and a Cub Scout exhibit on display in the Library.

The Library received a State Aid grant of \$200 for books of non-fiction for all ages. We have designated the books we wish to have and these will be ordered and paid for by the State Library and will be shipped to us soon.

On October 23rd there was a meeting at the Library of a group of people interested in again having a Friends of the Library organization. This was voted and the first quarterly meeting was held November 7th with Shirley Barker a State Library Consultant and well known New Hampshire author as the speaker. The Friends first project was to raise money for shades for the Library. The shades have been ordered and will be installed soon and we will then be able to have movie programs.

Books were given to the Library this year by: the Community of Georges Mills, Mr. and Mrs. H. Alden Gamsby, William Chase, Dr. Edward Harris, Elsie Thompson, Mrs. S. Gilroy Chandler, Mrs. Guy Alexander, Mrs. William Plaine, Ruth Ritchie, Nancy Boyd, Ray Lawrence. Magazines were given by Skip Nolan and \$12.00 to buy books was given by William Baird.

I attended a Library meeting in Newport and a work shop meeting at the State Library in Concord.

I wish to express my appreciation to the Library trustees for all the assistance they have given me.

Respectfully submitted,

MABEL S. DAVIES

Librarian

## REPORT OF SUNAPEE PLANNING BOARD

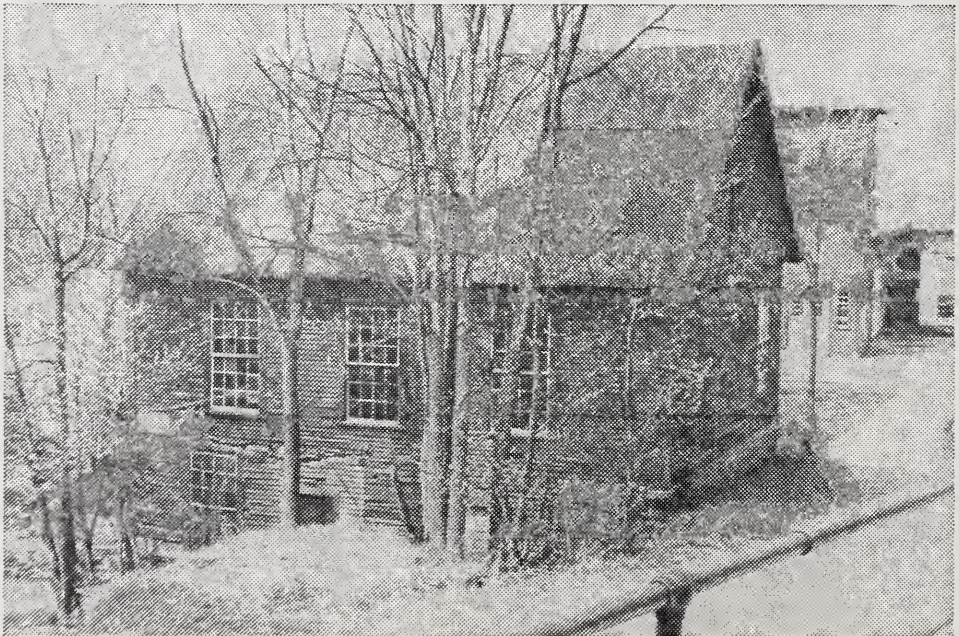

---

1963 was a year of considerable accomplishment and a reason for being for your planning board.

After the generous gift of William T. Baird, which made it possible for the Town to acquire the old mill property, your board suggested and sponsored Article #21 in the 1963 town warrant "to see if the Town will vote to raise \$2,000.00 to assist in the demolition of the old mill buildings and improvement of the same." Obviously, this sum would not be sufficient to accomplish all that we hoped to do, and inasmuch as the Town could not appeal for gifts itself to supplement this money voted, the Sunapee Improvement Society was founded for this purpose. The members of the society are composed of the Planning Board members plus the Board of Selectmen.

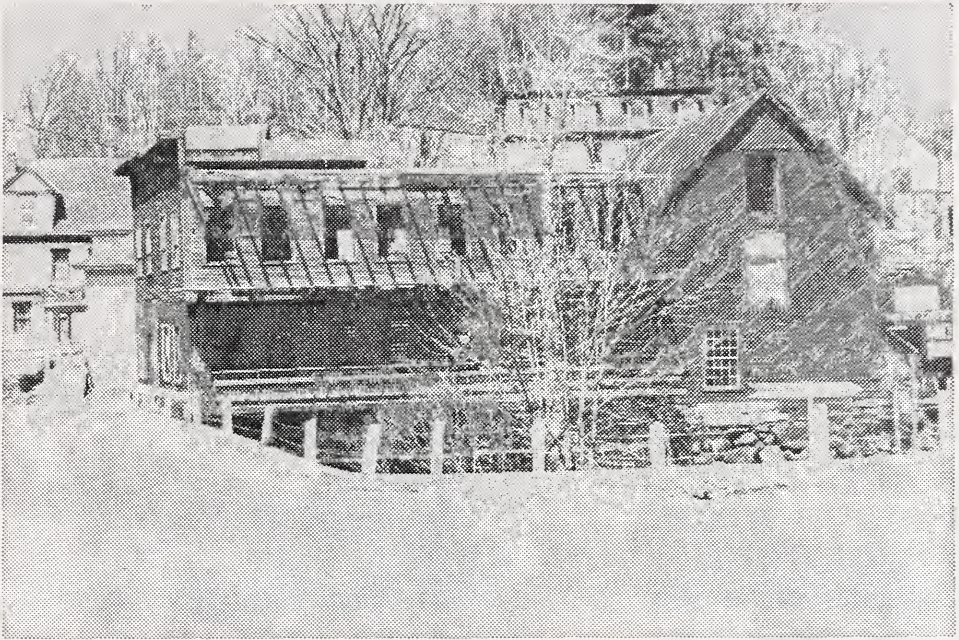

The Society sought and received gifts to the Town in the amount of \$4,753.50. The Selectmen advertised for bids and let the contract for the work done to date.

The result is well known to you all. Four old buildings

**"Remember?"**

including the boiler room have been removed, rough grading has been done, and a parking space has been created on the boiler room site. Funds available for this work were \$6,753.50 (\$2,000.00 Town vote plus \$4,753.50 in gifts received). Bills for this accomplishment amounted to \$6,499.16 leaving a balance in this account at the year's end of \$254.34.

In order to leave no stone unturned, your Board held meetings at various times to inquire into the advisability of the Town seeking Federal aid under the Urban Renewal Act. It was the final consensus of opinion that our town and our project was too small to make it practical for us to set up the machinery to qualify for such help. Shelved, temporarily at least, it was voted to seek \$5,000.00, by an article in the 1964 warrant, to assist with the project. The Improvement Society hopes to add to this sum by additional gifts to the Town.

Further, on three occasions the Board held conferences with Sidney Shurcliff of Shurcliff & Merrill, planning consultants and landscape engineers. This again, was through the generosity of William T. Baird. These conferences culminated in a public meeting held at the Sunapee Central

(Continued on Next Page)

School to discuss "A Master Plan for Sunapee." Encouragingly, nearly one hundred citizens of the town turned out to hear Mr. Shurcliff's address, after which a question and answer period was held.

For the record, your Board would like to express its grateful thanks to the following who made gifts to the Town for "The Improvement of Sunapee Harbor.:

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

---

To the Citizens of Sunapee:

### Enrollment

The enrollment for the school year 1963-64 is 268—divided as follows:

|                           |       |
|---------------------------|-------|
| Elementary (Grades 1-6)   | — 144 |
| Junior High (Grades 7-8)  | — 44  |
| Senior High (Grades 9-12) | — 80  |

We are endeavoring to offer a variety of curricula (Academic, Industrial Arts, Home Economics, and modified Commercial) for a high school of 80 students. With such a large number of courses and such a small number of students, many of the classes are very small. In fact, 17 courses have enrollments of 10 or less students—and 7 of these 17 courses have 5 or less students. The mathematics instructor handles a total of 35 students in five classes.

Reasonable class size is both desirable and necessary for effective instruction. However, extremely small classes may cause a disadvantage to some students when they come into college competition as well as to produce a very high per-pupil cost when a teacher works with five or ten students per class instead of fifteen or twenty.

### Music Instruction

It has been possible to provide instruction on musical instruments this year. Last fall the services of Mr. Frank Stone, an experienced music teacher, were secured on a one-day-per-week basis. The response has been good and plans call for the continuance of the program next year.

### Staff

There were four changes in personnel—one at the high school level and three at the elementary. Mrs. Elizabeth D. Colcord gave up her teaching duties after more than twenty years of faithful service to Sunapee Schools. Mr. Romeo Morin left to accept a year-long Fellowship at the University of Wisconsin in guidance counseling.

A very high percentage of staff members took summer school work, and an even larger number have indicated

their intention to take courses this year. This indicates both a high level of professional interest as well as a desire to keep abreast of current developments in the fast-changing educational field.

### **1964-65 Budget**

Special items include renovating the Principal's office to provide a private as well as a general office area, erecting a small partition to close off an entrance area from the Main Corridor into the Library, and increasing the amount of shelving in the Library.

Funds for an additional high school staff member are included. Plans call for relieving the Assistant Principal of some teaching duties so that he can spend some time in guidance activities.

### **Sale of Land**

A Special Article calls for the sale of land owned by the School District at the corner of Main Street and Route 11—adjacent to the parking area of the Gym-Auditorium. If the sale is approved, the Newport Savings Bank and the First National Bank of Newport intend to erect a building on the property to be used for banking purposes.

If this land sale is approved, another Special Article calls for placing the proceeds of \$9,600.00 in a Capital Reserve Fund to be used at some future date for school purposes. (Authorization of the District would be required for any specific use of this money.)

Respectfully submitted,

GORDON B. FLINT

Superintendent of Schools

| Mathematics Award                | John Davies               |

Students are attending the following post secondary schools: Keene State College (3), Manchester Technical Institute (2), University of New Hampshire (1), Colby Jr. College (1), Tilton Preparatory School (1), Keuka College (1), Ohio Wesleyan University (1), Cornell Medical University for Xray Technicians (1), Laconia Hospital School for Xray Technicians (1), Plymouth State College (1).

I would like to compliment the District on the time, effort and money put into the School Library during the past two years. This is a most important and educationally sound project and even in this relatively short time I can see marked benefits to our students.

Respectfully,

DAVID W. SHERBURNE

Principal

## REPORT OF TEACHER CONSULTANT

---

**A Planned Program of Testing** in general ability and achievement continues as an important process of evaluation at all elementary levels. This program includes (1) general ability testing at intervals of grades 1, 4, 6, and 8; (2) general achievement at all elementary levels; and (3) individual testing for gathering additional information when requested by teachers, principal, or parents. The real significance of the program, however, lies in the uses of these results which include:

1. An attempt to note significant pupil performance in achievement as related to general ability. A referral to other agencies is made when these results indicate the need for further diagnosis and follow-up.

2. A provision for noting pupil growth from grade to grade in the major areas of reading, language usage, spelling, arithmetic, and study skills.

3. A provision for analyzing pupil responses to note those items in need of further teaching or re-teaching. This is perhaps the most important classroom use of these results.

**Mathematics** continues to receive major attention in the curriculum. Following a series of steps aimed at helping teachers become better acquainted with the newer approaches in this field, including a series of in-service training films, our program will be extended throughout all elementary grades. This should provide for more effective continuity.

**A Summer School Program** for elementary grade children throughout the supervisory union was initiated during the past summer. The **READING** program of twenty 60-minute lessons for nearly 70 youngsters (by voluntary enrolment) from grades 1 to 6 was aimed at giving some attention to various reading skills, providing extra practice and encouragement in small class settings over a four-week period. It is hoped that in the future the summer school program will be expanded to include classes in mathematics.

**A Reading Workshop for Teachers** was offered during the summer through the extension service of Keene State

College. This three-week session provided teachers with a review of new materials and techniques in the teaching of reading in the elementary school.

**Safety Education** through materials from the Child Safety Council continues with emphasis on accident prevention, particularly as a responsibility of the home. Through the cooperation of local law enforcement officers, Child Safety Manuals and other related materials are distributed to youngsters at appropriate grade levels, primarily for home use in developing a safety-conscious community. These materials are made available largely through contributions from many local professional and business establishments.

**Educational Television** is used as another aid to teaching in the field of natural sciences for grade 5, physical sciences in grade 6 (New London), in the study of New Hampshire, Grade 4, and in art for those telecasts deemed appropriate by the art instructor.

**Adult Education** continues to be a successful and desirable aspect of the total educational picture. Operating on a self-supporting basis under the Newport Adult Education Program, enrollment has come from many interested citizens in many surrounding districts. This year's course offerings included two classes in oil painting, one class in bookkeeping, and one on woodworking.

**Child Guidance Services** are available for assistance in the solution of pupil learning problems—particularly those stemming from emotional disturbances. The New Hampshire Child Guidance Clinic in Concord, the Claremont Child Guidance Clinic, and the Hitchcock Clinic in Hanover have all been sources of considerable help to us.

I wish to express grateful acknowledgement of the continued support, encouragement, and guidance of many people within the school system and throughout the community in the sharing of these varied services and responsibilities.

Respectfully submitted,

ALPHONSE J. SOUCY

## SCHOOL WARRANT

---

### The State of New Hampshire

To the Inhabitants of the School District of Sunapee qualified to vote in District affairs:

You are hereby notified to meet at the School Auditorium in said District on the 10th day of March 1964 at nine of the clock in the forenoon to act upon the Articles set forth in this Warrant. Articles 1, 2, 3, 4, and 5 of this Warrant covering the election of Moderator, Clerk, Treasurer, Member of the School Board, and Auditors will be acted upon at 9 o'clock a.m. and voting will be by official ballot and check lists and the polls will remain open for this purpose from 9 o'clock a.m. until 7 o'clock p.m. At 1:30 o'clock in the afternoon the remaining Articles will be acted upon.

Article 1. To choose a Moderator for the ensuing year.

Article 2. To choose a Clerk for the ensuing year.

Article 3. To choose a Treasurer for the ensuing year.

Article 4. To choose a Member of the School Board for the ensuing three years.

Article 5. To choose one or more Auditors and such other Officers and Agents as the voters may judge necessary.

Article 6. To hear the reports of Agents, Auditors, Committees or Officers chosen, and pass any vote relating thereto.

Article 7. To see if the District will vote to raise and appropriate \$178,120.95, as recommended by the School Board in its annual report, for the support of schools, for the salaries of District Officers, and for the payment of the statutory obligations of the District; and to authorize the application against said appropriation of such sums as are estimated to be received from state sources, together with other income estimated at \$10,112.00, the School Board to certify to the Selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the Town.

Article 8. To see if the School District will vote to sell to the Newport Savings Bank and the First National Bank of Newport, New Hampshire, that land at the Northwest corner of Main Street and Route #11 in Sunapee, more particularly described as follows:

Beginning at the corner of Main Street and Route #11 on the Northerly side of Main Street and the Westerly side of Route #11; thence Northerly on the Westerly side of Route #11 a distance of one hundred fifty (150) feet to a point; thence Westerly at a right angle to Route #11 along land of the Sunapee School District to land of William and Claire Plaine; thence Southwesterly along land of said Plaines and land of Marylou Smith to Main Street: thence Easterly on Main Street to the point of beginning,

providing the sum of \$9,600.00 is paid for said land; and further to authorize and direct the School Board to execute and deliver on behalf of the District a deed of the premises to said Banks; and to authorize and direct the School Board to act on any incidental matters which might arise in connection with said sale and transfer of title to said Banks: it being understood that the cost of any re-location of the water main crossing the premises would be borne by said Banks.

Article 9. To see if the District will vote to place the proceeds from the sale of land authorized in Article 8 in a Capital Reserve Fund for future school use.

Article 10. To transact any other business that may legally come before said meeting.

Given under our hands this 14th day of February, nineteen hundred and sixty-four.
